RMR Weekly E-News

Merry Christmas to All!

December 15, 2010

As we head into the hustle and bustle of the season, I wanted to say thank you for your support and business. As you might know, Rocky Mountain Roosters is in the middle of our 25th year of hunting and this year we are blessed with the best cover that we have ever had. The birds are great and the hunting has been off the charts. We can use some moisture, but according to those that know, we might be getting some in the next day or so.

I wanted to give you some information that will help you plan the next few months as well as the coming year.

Rocky Mountain Roosters sends out information to our entire list about once a quarter, but if you would like to be on the E-News list for updates that go out weekly, reply to this email and we will put you on the list.

GIFT CERTIFICATES FOR THE HOLIDAYS

A hunt at Rocky Mountain Roosters is the perfect gift to put under the tree for your family and friends! If you call the office at 719-635-3257, Janna can get all of the information that we need to send out a certificate in time for Christmas. You can buy an introductory hunt or a membership for that special person or persons in your life. How about some clay target shooting too? Let us know how we can help you.

GOOSE HUNTING SPECIAL FOR RMR FOLKS

Travis Reininger is the owner of Stillwater Outfitters and he guides waterfowl hunters in the Ft Collins/Greeley area. I was talking to him today and he said that he would like to give all of you a Christmas present! His normal rate for 'off the rack' hunters is \$250. He has been offering the RMR members and friends a rate of \$200.

He told me that for anyone that makes a reservation to hunt between January 1-15 he will take you for \$175 per gun. You have to book before January 1st and hunt those 15 days to get that rate. Take advantage of his Christmas present to you and your hunting buddies. Give Travis a call at 303-659-8665 and have some fun shooting Geese.

PERFECT STOCKING STUFFER—THE EASYDRIVER

If you are a tool nut, you probably have one. If you are looking for the perfect gift for Christmas or for yourself, you need to get one! What am I talking about? The Easydriver Ratchet Screwdriver. This is simply the best screwdriver on the market and you can get one shipped to you before Christmas if you act fast. Go to easydrivertool.com or call 1-800-635-8969 to order. They are only \$29.95 and come with 1 large ball, 1 small ball, four shafts and six bits. Once you use one you will wonder why you never had one in the past! A great gift for anyone....college students, house warming gifts, and even the person that thinks they have everything.

SPORTSMEN FOR COMMUNITY

For the last 8 years Rocky Mountain Roosters has been hosting a charity event the first Saturday in February to benefit local charities. We have raised over \$225,000 by shooting birds and having fun and this year's 9th annual event is February 5th. We would love to have you come and play with us and enjoy the time with old friends and make some new ones, too!

The charities for this year's SERVICE GROUP SHOOTOUT are: Junior Achievement of Southern Colorado, Alpine Autism Center and Life Quest Transitions: a wounded warrior empowerment program. Cost is only \$180 per person but there are sponsorship opportunities too that include hunters and advertising. If you would like more information, there is a complete flier on our website under QUARTERLY NEWS under the NEWS-LETTER tab.

FALL BIG GAME HUNTS

It is the time to start thinking about where you are going to hunt this fall and what you want to hunt for. Here are some ideas. (If you go to our website at rmroosters.com you can see pictures of these hunts and see what we are talking about. I don't put pictures on the emails because sometimes different servers don't allow the email to come through with photos and attachments. Click on the NEWSLETTER tab and QUARTERLY NEWS and CHRISTMAS NEWS and you can see the pictures of these hunts.)

MOOSE HUNTING IN BRITISH COLUMBIA— www.bcmoose.net

Rocky Mountain Roosters has been going to BC for the last 5 years and we have found the perfect outfitter. This past September and October we had 20 hunters and shot 18 Moose. If you have been thinking about hunting Moose, this is the place to do it! We will be going back in September and October again and would love to have you come with us. The trip is \$10K and that includes your float plane cost once you get to camp.

The hunt takes place just south of the Yukon border in British Columbia. We fly into Whitehorse, Yukon and they pick us up there and drive to camp. This is a 10 day hunt and there are a lot of animals in this private hunting area that spans over 3000 square miles.

If you would like more information and some references, just let me know. You can email me or call and I can give you all of the poop on this fantastic hunt.

NEW MEXICO DEER, ELK AND ANTELOPE

Some of the best and biggest Elk in the United States are in New Mexico. All non-residents that want to hunt in NM have to apply and be drawn for licenses. Roger and Audrey McQueen of Trophy Ridge Outfitters have been taking the RMR folks that draw licenses for Elk, Deer and Antelope in New Mexico and they run a first class operation.

The Elk hunting can be done with archery gear, a muzzleloader or a rifle. You need to apply for these licenses, but they do get some landowner tags each year too, if you don't draw. The chance of shooting a trophy bull or buck are real, and you will have some super guides to take you on this adventure.

The cost of the Elk hunt is \$4250, the Antelope hunts are \$1750 and the Deer hunts are \$3950. If you would like to apply for a license let me know and I can get you the paperwork to do so. Applications into me by the first of March so don't wait. If you don't draw it only costs you \$23 so it is a cheap way to try and get a tag.

Since we apply with an outfitter our odds of drawing are better than trying to do it on your own.

You can see their website

APPLYING FOR LICENSES IN COLORADO

It won't be too long before you need to apply for limited licenses in Colorado, too. Watch your E-News for information about the deadlines for Colorado applications as well as other states.

REMEMBER THE REASON FOR THE SEASON

With the dolls that wet themselves and the new high tech gadgets that abound this time of year, many people forget the real reason to celebrate: The Birth of our Savior and the gift that he gave us with the possibility of eternal life. Take time to say thanks and give your time and talents as well as money to those less fortunate. Hold your family close and pray for those in need.

TWO FOR THE ROAD

A white-haired old man walked into a jewelry store on a Friday, with a beautiful young lady at his side.

"I'm looking for a special ring for my girlfriend," he said.

Our jeweler looked through our stock and took out an outstanding ring priced at \$5,000. "I don't think you understand-I want something very unique," the man said.

At that, our now very excited jeweler went and fetched our special stock from the safe. "Here's one stunning ring at \$40,000." The girl's eyes sparkled, and the man said that he would take it. "How are you paying?" asked our jeweler.

"I'll pay by check; but of course the bank will want to make sure that everything is in order, so I'll write a check and you can phone the bank tomorrow, and then I'll fetch the ring on Monday."

Monday morning, our very disappointed jeweler phoned the man. "You lied, there's no money in that account." "I know, sorry, but can you imagine what a FANTASTIC weekend I had?"

+++++

A guest in a posh hotel comes down to breakfast and called over the head waiter and read from the menu "I'd like one under cooked egg so that it's running, and one over cooked egg that it's tough and hard to eat. I'd also like grilled bacon which is a bit on the cold side, burnt toast, butter straight from the freezer so that it's impossible to spread, and a pot of very weak, lukewarm coffee." That's a complicated order sir, said the bewildered waiter. "It might be quite difficult." The guest replied sarcastically, "It can't be that difficult because that's exactly what you brought me yesterday!"

VICK'S VapoRub - INTERESTING

During a lecture on Essential Oils, they told us how the foot soles can absorb oils. Their example: Put garlic on your feet and within 20 Minutes you can 'taste' it.

Some of us have used Vick's VapoRub for years for everything from chapped lips to sore toes and many body parts in between. But I've never heard of this. And don't laugh, it works 100% of the time, although the scientists who discovered it aren't sure why.

To stop night time coughing in a child (or adult as we found out personally), put Vick's VapoRub generously on the soles of your feet, cover with socks, and the heavy, deep coughing will stop in about 5 minutes and stay stopped for many, many hours of relief. Works 100% of the time and is more effective in children than even very strong prescription cough medicines. In addition it is extremely soothing and comforting and they will sleep soundly.

Just happened to tune in A.M. Radio and picked up this guy talking about why cough medicines in kids often do more harm than good, due to the chemicals in them This method of using Vick's VapoRub on the soles of the feet was found to be more effective than prescribed medicines for children at bed time. In addition it seems to have a soothing and calming effect on sick children who then went on to sleep soundly.

My wife (not my wife, this is a story sent to me) tried it on herself when she had a very deep constant and persistent cough a few weeks ago and it worked 100%! She said that it felt like a warm blanket had enveloped her, coughing stopped in a few minutes. So she went from; every few seconds uncontrollable coughing, she slept cough-free for hours every night she used it.

If you have grandchildren, pass this on. If you end up sick, try it yourself and you will be amazed at how it works.

TRY IT THE NEXT TIME YOU GET A BAD COLD. THE ONLY THING YOU CAN LOSE IS YOUR COUGH.

Have a Merry Christmas!
