Colorado's Finest Private Pheasant Hunting Preserve

RMR Weekly E-News

Good Afternoon!

I have put together several things that you might be interested in knowing about.

SPRING TURKEY IN KANSAS

Longtime friend and outfitter Mark Beam is in western Kansas and has loads of birds to hunt. He has a great 3 day, two bird hunt complete with lodging and guides for only \$975. He fills up quickly, but has a lot of time to hunt. Season starts the end of March and runs through the end of May. Give Mark a call and tell him you are with RMR and would like more info on the hunt and availability. 303-919-3899 My wife and I both shot our Turkeys with Mark with our bow's last year and saw hundreds of birds each day! This is a great hunt for the young hunters since he does a lot out of blinds. A great time with archery equipment too, but the old fashioned scatter gun works great too. You will hunt in Kansas and Nebraska on this hunt....there are your two birds!!

5 LONG GUNS AND A 22-GUN SAFE

Wouldn't it be great to win a safe full of guns? RMR member George Hess did last year and you might be a luck-duck and win this year! The Colorado Chapter of SCI is holding the Great Gun Give-away again and tickets are just \$100 per chance. The great thing is there are only 150 chances! You can go to the RMR website and print off an entry form and get one of these chances. RMROOSTERS dot com. Drawing is March 13 at their annual banquet and you do not have to be present to win. All money raised from this event stays right here in Colorado for education, conservation and humanitarian projects. Come to the dinner and have some fun! Details are on our website as well. BIG GAME APPS ARE AVAILABLE

The big game apps have been mailed and hopefully you have yours by now. You have until April 6 to get them done. You can apply via the internet in Colorado.

You can apply for Utah, New Mexico, Kansas, Montana and Arizona (yes AZ!) via the internet too. IF you need help on deciding where to hunt or need a recommended outfitter in a particular state, send me an email and I will point you in the right direction.

Deadlines for apps are approaching and vary by state. Don't wait....do it now or visit the state's Division of Wildlife to see when you have to have them done.

NEW MEXICO DEER, ELK AND ANTELOPE

If you want to apply for New Mexico deer, elk and antelope, email me for the information if you want to hunt with Roger and Audrey McQueen and Trophy Ridge Outfitters. I have had the chance to hunt with these great folks for several years and you really have a great chance at harvesting some trophies with "Trophy Ridge"! We have to have those done by **March 10**. Let me know if you would like to apply with the RMR groups. (Your chances of drawing with an outfitter in NM is increased vs doing it on your own)

MOOSE HUNT IN BRITISH COLUMBIA

My wife Rebecca and I will be going back to BC for a Moose hunt again this fall. If a big Moose is something that you are after, you should consider Canada. We have had great luck with Russell Cummins in the past and this is definitely one of the best hunts for the money that you could go on. If you would like more info on this great opportunity, email or call me at 719-635-3257. October 2-15 are the dates for this hunt. The Moose hunt is \$9000 and the opportunity for a great Moose is super with Russell. Come hunt with RMR this year or next! You can combine the hunt with a Goat, Grizz or Mountain Caribou if this is on your bucket list. We have had wonderful success in the past with Jennings River and the Cummins team. Give me a call and we can give you the poop on this fantastic hunt.

KANSAS WHITETAIL

There are some real monster whitetail deer in Kansas and if you are looking for a wall hanger, Roger McQueen can help you achieve that! He has a 2 of rifle hunts and a 4 of bow hunts open in south central Kansas for 2010. He has been 100% draw for both of these hunts and bucks average in the 160-180 class. One rifle buck last year was 204! Both hunts include meals, lodging and guides and they are both \$4500. Don't wait....this will go fast (and is only available because the company that has bought them for years had to take a year off) Call him for details at 719-371-1110.

MONTANA ELK AND DEER

Jeff Freeman from Montana and JM Bar Outfitters is ready for youare you ready for a great Montana Elk and Deer hunt? Jeff offers a traditional hunt with horses in the back country in Montana. You have to apply for licenses, but it is pretty easy to draw. The combo hunt is \$3999 plus your out of state license. You will travel to the hunting areas each day by horse then hunt on foot. Good animals, great scenery and a perfect opportunity for making hunting memories. Give Jeff a call and he can help you with the application process and give you details on the hunts.... (406) 544-5249 Deadlines for applications are due **March 10** to Jeff. (He can get guaranteed licenses as an outfitter)

ORDERING GUNS AT COST

Due to the great response, RMR Guide Rich Reiley is going to continue ordering guns for you at cost. He owns High Tech Customs in Colorado Springs and he will order you weapons...handguns, shotguns and rifles...at cost. You have to pay taxes and the transfer fee which is normally \$45, but for rest of the RMR season (thru April) the price is \$30 per gun.

Send him an email and in the subject line put RMR GUNS. Tell him what you are looking for and give him good contact info to get back with you. Obviously he will have your email address, but tell him who you are! (I might know, but he won't)

His email address is htcustoms@pcisys.net and his phone is 719-667-1090. It is best that you email so his assistant can get you the info. He receives a lot of calls during the day, so email will be the fastest way to get your answer, and I am out of the loop.

TWO FOR THE ROAD

When Grandpa and Billy entered their vacation cabin, they kept the lights off until they were inside to keep from attracting insects. Still, a few fireflies followed them in. Noticing them before Grandpa did, Billy whispered, 'It's no use, Grandpa. The mosquitoes are coming after us with flashlights.'

+++++

Vicky was at a business conference. During a break, she decided to call home collect. Her six-year-old son picked up the phone and heard a stranger's voice say, "We have Vicky on the line. Will you accept the charges?" Frantic, the six-year-old dropped the receiver and came charging outside screaming, "Dad! They have Mom! And they want money!"
