RMR E-News November 3, 2016

Hello RMR Faithful!

The all time record (since they started keeping track of weather stats)...no snow in the month of October! We are very aware of that fact! It is dry, dry, dry! The temps are not too hot (most days) but it has been a warm fall!

Dry means it is harder for the dogs to find the birds. A little RMR secret...we actually spray the birds with commercial pheasant scent before they are released.

We want to give the dogs every advantage possible when they are out in the dust and dry weeds! We have to trust the dogs and this is only ONE MORE REASON to hunt slow. If it is tough scenting conditions, let the dogs work any scent they find.

Now....when they put up a bird, make sure you kill it! If you are rusty, give yourself some help and shoot a few rounds on the clay range so you have at least blown out the cobwebs from the shotgun!

Weather will be here before we know it! Enjoy the fall in Colorado. SUNDAY THE TIME CHANGES...we fall back an hour, so those of you hunting November 6--pay attention!

The election might change the availability of ammo and guns. Stock up on both and see the bulk ammo order form below. (Don and Steve...see how politically correct I am??!!)

Look at your calendar and get your hunts books for the holiday weekends!

RMR MEMBER NEWS

There are several folks that we need to keep in our prayers. I won't go into the details to much, but if you have been around RMR very long you know that we believe in the power of prayer and we are a big family that cares about each other!

–Thank God for a dental hygienist that was paying attention! David Joseph is alive following mouth/throat cancer surgery.

–Gary Spinuzzi had a rough summer but is on the mend.

–John Suits mother passed away this past week.

–Todd Rezac is lucky to be alive after rolling his jeep 250 feet down a mountain after swerving to miss a deer. (He knows not to swerve...you have to just hit the critter!!)

–Charlie Ross is wheelchair bound now with cancer. Keep Charlie in your prayers!

Do you know anyone that would like to get the **RMR E-News on a regular basis?**

You will get more of the witty and informative notes now that the season is starting. We will keep you up to date on things at the club and industry related around the state and country.

If you know of anyone that would like to get our news, send them to the website and have them sign up to get the newsletters. If you are not already getting the E-news, you can go to the website too, or just

BULK AMMO ORDER

We are placing another order for ammo. You can download the order form. You must have your order to me by close of business November 15. We don't know what the election will do to ammunition and gun prices, but if it goes the female way, watch the prices and availability change dramatically.

Print the order form, fill it out and get it to us by Nov 15. After that it, you will have to wait until another order is placed.

We can not get 22 long rifle...sorry!

AMMO ORDER FORM

THIS ISN'T NEW-- DON'T GET YOUR FEATHERS RUFFLED

It is the start of the year and people are forgetting several things or not reading them...humor us and read this AGAIN.

Everyone is doing a great job, for the most part, but we have to go over this many times each year.

(I love it when someone says they have never seen it in the newsletters....it is in every week!!)

A couple of things that I need to remind our members and guests of when it comes to hunting at RMR. These 'rules' are nothing new, but this is just a reinforcement for your memory.

MORNING HUNTS START AT 8am
AFTERNOON HUNTS START AT 1pm

-Contact us for reservations and changes. This isn't that hard...don't email us at 11pm and think we will see your note for a hunt the next morning. We have a 48 hour cancellation policy. If you need to make a change for the hunt after 5pm, call the office--and IF we are there, we will answer....if not it will give you the

clubhouse number (719-347-2205) and tell you to call and leave a message. We try to adjust for you but if it is a last minute change, it probably won't happen. If you schedule a guide, you will have one. If you need a guide, tell us when you are making the reservation. Please realize that we don't work 24 hours a day and we need you to plan ahead. Don't leave a message on the office phone after hours unless it is to make a reservation for another day. If you email us, we will respond but only during the week days. It has worked well for 30 years, and just because there are I-Phones and apps out there that will cook your dinner and make airline reservations, we still have to have some human interaction!

-The cost for a guide is \$50 per group NOT PER PERSON. The guide fee has been in effect for over a year. This isn't new. If you want to bring your dogs and run them with ours, that is great. It is a small charge to help cover our liability insurance.

-The maximum number of hunters (for a guided hunt) is 4. If you have more than 4 that is great, we will just split you into two or groups. This is for safety reasons as well as our liability. Please don't ask us to make an exception because you did it that way before. (WE HAVE TO STICK TO OUR RULES)

-Don't call the clubhouse to make reservations--except weekends. We are in the office weekdays 8-5p. Email during the week is easy and we will respond to you letting you know we got the reservation. Don't email after 5pm on Friday--our office staff doesn't read emails on the weekends. That is when you call 719-635-3257...and if we are not here it will direct you to the clubhouse.

-DO NOT CROSS ANY FENCE!! If you cross a fence, that is trespassing and our neighbors are not letting us on their land. EVEN IF YOU ARE GETTING A DOWNED BIRD. This includes your dogs. If you kill a bird and it crosses the fence, it is a lost bird. Go get another one. If you or your dogs cross the fence, you could get a ticket for trespassing. You are warned.

-Please pick up your empty shells. If you can't find yours, pick up some that other people missed. Thanks for trying to keep our areas clean. It is a never ending battle, but give it your best effort.

-See the HOW TO MAKE A RESERVATION block below.

**HOW TO MAKE RESERVATIONS
TO HUNT AT YOUR CLUB**

Here are the rules for you to make a reservation. Remember that we have a 48 hour cancellation policy. IF weather is so bad that it is unsafe to get to the club, we will cancel the hunt and will call you. We do not want to endanger anyone, but we hunt in all sorts of weather.

If you call the office to make reservations, please speak slowly and leave your phone number....believe it or not we have more than one John or Jim as members!

The only number you call to make reservations is the office--719-635-3257. If it is after hours during the week, leave a message and we will call you the next business day. (Don't call the clubhouse to make reservations....please!)

You can call the office Monday - Friday, 8am-5pm and make reservations by phone at 719-635-3257.

You can also make reservations by email. Email hunt@rmroosters.com

When you email a reservation, we will reply to you to confirm the reservation. You need to tell us how many hunters are in your group, if you will need a guide (are you hunting with your own dog or not) and what birds you want to shoot...Pheasants or Chukar or BOTH. A mixed bag is lots of fun and you don't have to care about what gets up to shoot at.

Do not email hunting reservations after 5pm on Friday...weekends. We don't always look at email during the weekends. Call the office number and it will direct you to the clubhouse, if we are not in the office to get your call.

EMAIL OR PHONE...THOSE ARE THE TWO WAYS TO MAKE RESERVATIONS. DO NOT CALL THE CLUBHOUSE TO MAKE RESERVATIONS (UNLESS IT IS ON THE WEEKEND) REMEMBER!!!

There is a 48 hour cancellation policy.

We can not take more than 4 people in a party NO EXCEPTIONS!!

The guide fee is \$50 per group, not per person. 1 to 4 hunters.

Hunts start at 8 and run until 11am or from 1 to 4pm.

CANCELLATIONS OR RESERVATIONS AFTER HOURS OR ON THE WEEKENDS--

Don't leave messages on the office recorder after 5pm on Friday for reservations or cancellations. We won't get them until Monday. Do not email on weekends either. If you have a cancellation, you must call so we are 100% sure we get the message that you can't make your hunt. Don't email or text (we don't do texts)

Ending Daylight Saving Time means increased wildlife collision danger

DENVER - Colorado Parks and Wildlife reminds drivers that with dusk arriving earlier due to the time change on Nov. 6, the chances increase for collisions with wildlife on the roads.

"The changing season coincides with peak mating time for much of Colorado wildlife, particularly deer," said Jason Duetsch, CPW district wildlife manager. "Visibility is poor when many of our big game animals are most active. Right now deer, moose, elk and other wildlife are more mobile, easily distracted and more likely to be crossing roads and highways."

When drivers do see wildlife on or near the road, the best response is to slow down or stop, honk and/or flash headlights. This not only warns the animal to avoid the road, it helps point out the danger to other motorists.

The average property damage cost of animal-vehicle collisions is estimated at \$3,103, according to the Colorado Department of Transportation. Motorists can reduce the likelihood of an accident by taking the following precautions:

- Slow down. Swerving at high speeds increases the danger of an accident. Moderate speeds increase reaction time and allow drivers to react appropriately to animals in the road.
- Stay alert particularly while driving at dusk and dawn. This is when deer and other common wildlife are most active.

- Scan ahead and watch for movement along roadsides. If you see one animal, expect it to be accompanied by others.
- Obey traffic signs and watch for wildlife warning signs. Transportation authorities often attempt to reduce the number of incidents by lowering nighttime speeds in areas where collisions are common.

TWO FOR THE ROAD

The wife chewed out her husband at the company picnic awhile back. "Doesn't it embarrass you that people have seen you go up to the buffet table five times?"

"Not a bit," the husband replied. "I just tell them I'm filling up the plate for you!"

A defendant was on trial for murder. There was strong evidence indicating guilt, but there was no corpse. In the defense's closing statement the lawyer, knowing that his client would probably be convicted, resorted to a trick. "Ladies and gentlemen of the jury, I have a surprise for you all," the lawyer said as he looked at his watch.

"Within one minute, the person presumed dead in this case will walk into this courtroom." He looked toward the courtroom door. The jurors, somewhat stunned, all looked on eagerly. A minute passed. Nothing happened. Finally the lawyer said, "Actually, I made up the previous statement. But you all looked on with anticipation. I therefore put to you that you have a reasonable doubt in this case as to whether anyone was killed and insist that you return a verdict of not guilty."

The jury, clearly confused, retired to deliberate. A few minutes later, the jury returned and pronounced a verdict of guilty. "But how?" inquired the lawyer. "You must have had some doubt, I saw all of you stare at the door."

RIFLE

Brett--I have a Browning A Bolt 7mm Remington mag with Leupold VX-III 3.5 TO 10.5 scope. The rifle and scope are in excellent condition. I have \$1300 invested in the set-up and would like to get \$1000. Or Best Offer

Holiday Hunting -- Are you ready?

I ASKED GOD,
"WHY ARE YOU TAKING ME
THROUGH TROUBLED WATER?"
INSTAGRAM @SOULBRAILLE
HE REPLIED,
"BECAUSE YOUR ENEMIES CAN'T SWIM."

Remember that that days around Thanksgiving and Christmas are a fun time to entertain your family and friends. You should think about making reservations now, so you get the time and dates you want to hunt.

We are closed Thanksgiving and Christmas Day.
(We hunt only in the morning on Christmas Eve)
