RMR E-News September 16, 2015

Hello RMR Faithful!

LET'S SHOOT SOME BIRDS! WE ARE OPEN FOR BUSINESS

We have birds 'in house' and we are off and running for the start of our 30th year of hunting at Rocky Mountain Roosters. Time to make some reservations to come and hunt.

A reminder of how things work:

Hunting is by reservation only. You can make reservations one of two ways... either call the office between 8-5 Monday - Friday at 719-635-3257 and we will take your reservation that way, OR you can email hunt@rmroosters.com and make your reservation that way.

There is a detailed explanation of how to make a reservation below. Thanks for working with us and understand we don't work 24 hours a day! Plan ahead as much as you can!

We will only be hunting in the mornings until it cools down. Heat is a huge problem when it comes to scenting conditions and dog health. YOU NEED TO STAY HYDRATED as well as making sure your dogs have plenty to drink, too. We generally start hunting both morning and afternoon starting on October 1 or when mother nature lets us go all day.

RMR MEMBER NEWS

You will see the information for Frank Goeson's funeral below. He had talked about putting his ashes in shotgun shells and having us shoot them in several areas at the club, so we will let you know when Frank goes out with a BLAST!

The RMR guides got a first aid refresher this past weekend. We hope we don't need our first aid training, but we will answer the call if we do. We are going to purchase an AED for the clubhouse. Does anyone have any contacts to get one of these for a reasonable price? (After Bill's heart attack, we decided that we will get one for the clubhouse at least) If you have any leads on an AED, email or call Brett in the office. 719-635-3257 or hunt@rmroosters.com Thanks to my old ambulance partner from A-1 Paramedics, Dave Mead for teaching the class.

Do you know anyone that would like to get the RMR E-News on a regular basis? You will get more of the witty and informative notes now that the season is starting. We will keep you up to date on things at the club and industry related around the state and country.

If you know of anyone that would like to get our news, send them to the website and have them sign up to get the newsletters. If you are not already getting the E-news, you can go to the website too, or just [Click here to OPT IN](#) for our E-News and stay informed.

MAKING RESERVATIONS TO HUNT

We are getting into the season and we can go over how you can make reservations to hunt at your club.

The only number you call to make reservations is the office-- 719-635-3257. If it is after hours during the week, leave a message and we will call you the next business day. (Don't call the clubhouse to make reservations....please!)

You can call the office Monday - Friday, 8am-5pm and make reservations by phone at 719-635-3257.

You can also make reservations by email. Email hunt@rmroosters.com

When you email a reservation, we will reply to you to confirm the reservation. You need to tell us how many hunters are in your group, if you will need a guide (are you hunting with your own dog or not) and what birds you want to shoot....Pheasants or Chukar or BOTH. A mixed bag is lots of fun and you don't have to care about what gets up to shoot at.

Do not email hunting reservations after 5pm on Friday....weekends. We don't always look at email during the weekends. Call the office number and it will direct you to the clubhouse, if we are not in the office to get your call.

EMAIL OR PHONE...THOSE ARE THE TWO WAYS TO MAKE RESERVATIONS. DO NOT CALL THE CLUBHOUSE TO MAKE RESERVATIONS (UNLESS IT IS ON THE WEEKEND)

REMEMBER!!!

There is a 48 hour cancellation policy.

We can not take more than 4 people in a party NO EXCEPTIONS!!

The guide fee is \$50 per group, not per person. 1 to 4 hunters.

Hunts start at 8 and run until 11am or from 1 to 4pm.

REMINDERS FOR THE OLD TIMERS AND NEED TO KNOW NEWS FOR THE NEWBIES

It is the start of a new year and here is the information for making reservation and for the hunting at your club.

*You can make reservations by email at hunt@rmroosters.com or by phone at 719-635-3257. If you book by email, we will respond to you with an email confirmation. Make sure you tell us all of the details regarding your hunt request. Do you need a guide and dogs, what day of the week and date, what time --morning or afternoon, how many hunters and what you want to hunt ie:pheasant or chukar or a mixed bag.

*Shot size is still nothing larger than 6 shot. 7 1/2 is a perfect shot size for these birds. You can use 6's, 7.5, or 8 shot.

*Hunts still start at 8a and run until 11a or from 1p until 4p.

***We can not take more than 4 people in a guided group. PERIOD. This year we are not making exceptions. If you have 5 or more, we will split you into 2 or more groups.**

***New this year: If you need a guide and dogs, there is a \$50 fee per group - not per person- and this is for 1-4 hunters. (WHY?? We have been the ONLY club in the state not to charge for guides and dogs, and the workman's comp and other insurance has escalated more than 70% in the past few years. We still pay our guides, but this is keeping us from having to raise the price of the hunts)**

***No drinking before or during shooting. When you are done hunting, come back to the clubhouse and have a cold one. Please don't leave empty beer cans in the trash cans in the field.**

***The trash cans at the parking areas are for empty shells, not for you to clean out your truck and the fast food bags.**

***No smoking in the field or in the clubhouse or chophouse. We don't need a fire!**

***Pick up your empty shells, and if you can't find yours, pick up the ones you see. It helps keep a cleaner hunting area and we appreciate it.**

***We are closed on Thanksgiving, Christmas and Easter.**

***You are responsible for your guests and their behavior. We like you to bring your friends, family and clients with you. Make sure they sign the liability release when they come in and that they have orange head gear.**

***Safety is the most important thing that we practice at the club. We have a BLUE SKY RULE....do not shoot any bird on the ground. It has to be flying and in the 'blue sky' and up and away from the dogs. If you shoot a dog, it will get very expensive for you. These dogs are your family and our family. PLEASE PLEASE pay attention to where you are shooting! If you are on a guided hunt, our guides have the right to stop a hunt for any safety violation. You only have one chance to make a mistake that could cost a life and the stopping of the hunt. PAY ATTENTION. You will hear the safety speech each time you hunt, and have your guests watch the safety video before you go into the field.**

14 Things You Should Understand About Guns

DO YOU KNOW THESE THINGS??!!

Guns can be dangerous in the wrong hands. But so are articles about guns written by people who don't understand anything about them.

There's sadly no excuse to be ignorant about firearms. They've been around for hundreds of years. They're owned and operated safely by tens of millions of Americans each year.....

TWO FOR THE ROAD

A guy goes to a girl's house for the first time, and she shows him into the living room.

She excuses herself to go to the kitchen to make them a few drinks, and as he's standing there alone, he notices a cute little vase on the mantel.

He picks it up, and as he's looking at it, she walks back in. He says "What's this?"

She says, "Oh, my father's ashes are in there."

He goes, "Geez...oooh....I..."

She says, "Yeah, he's too lazy to go to the kitchen to get an ashtray."

+++++

A group of friends who went deer hunting separated into pairs for the day.

That night, one hunter returned alone, staggering under an eight-point buck.

"Where is Mike?" asked another hunter.

"He fainted a couple of miles up the trail," Mike's partner answered.

"You left him lying there alone and carried the deer back?"

"A tough call," said the hunter. "But I figured no one is going to steal Mike."

The two new clay target ranges are finished and ready for you to give them a spin. They both have different targets to shoot and each have 5 machines to practice with. The cost is still \$7 for a round of 25 targets.
